Skills

Languages :	C++, C, JavaScript.
Frontend :	React.js, Tailwind, CSS, moduloCss, HTML.
Backend :	Node.js, Express.js, Php, Laravel.
Databases :	MySQL, noSQL.
State Management :	Redux, Context-API, Reducer.
Authentication :	JWT, Supabase (Refresh Token).
Payment Gateway :	Stripe, Razopay.
Deployment:	Docker, Github.
Soft Skills :	Problem-Solving Skills, Team Player, Adaptability.

INTERNSHIP

Celebal Technology

May 2025 - July 2025

- Developed a secure file transfer app with real-time Socket.io, user auth, encrypted transfer, and responsive UI/UX.
- Implemented secure file transfer with real-time updates, encrypted transmission, and user authentication.
- Tech stacks used:** React.js, Socket.io and context-api, Reducer, Secure Socket Layer encryption.
- Link - [Live](#) [GitHub](#)

Knowe AB

April 2023 - July 2023

- Re-developed a shopping cart application using React.js, optimising state management with Context API and Reducer.
- Implemented seamless product selection, dynamic cart updates, and efficient checkout flow.
- Tech stacks used:** React.js and context-api, Reducer, moduloCss, Tostify.
- Link - [Live](#) [GitHub](#)

PROJECTS

MySecureVault

February 2025

- Developed a secure media storage platform using Laravel, React.js, and MongoDB Atlas.
- Implemented end-to-end encryption for media uploads with user-defined password access control.
- Built backend encryption logic with secure media and metadata storage in MongoDB.
- Tech stacks used:** React.js, Context-api, API-Integration, Reducer, moduloCSS, Tostify.
- Link - [Live](#) [GitHub](#)

E-learning Platform

December 2024

- Built an interactive and user-friendly platform that enables users to purchase courses and learn.
- Integrated JWT for secure authentication and leveraged Supabase as the backend solution.
- Implemented Stripe for a reliable payment mechanism, ensuring smooth transactions.
- Tech stacks used:** React.js, Supabase, JWT, Stripe, Tailwind.
- Link - [Live](#) [GitHub](#)

TRAINING

Edu-Versity - Campus Ambassador

December 2023 - January 2024

- Generated leads through various channels, expanding outreach engagement.
- Engaged with potential prospects via cold calling, email, texts, successfully driving registrations.
- Facilitated online educational sessions as needed, ensuring valuable learning experiences.

CERTIFICATES

Advance React Certification - Codeprog	January 2025
Data Structures and Algorithms - Coding Spoon	July 2024
Server side Javascript with Node.js - NIIT	May 2024
The Complete 2024 Web Development Bootcamp - Udemy	October 2023

ACHIEVEMENTS

- 3rd Runner-up in WEB-A-THON HACKATHON (24 hr event).
- Earned a Developer Badge in GDG(2025) Solution Challenge.
- Solved 200+ DSA problems on Leetcode.

EDUCATION

Lovely Professional University

Bachelor of Technology - Computer Science and Engineering; CGPA: 7.3

Phagwara, Punjab
Since August 2022- Present

D. M. P. S School

Intermediate; Percentage: 76%

Bihar, India
April 2018 –March 2020

D. A. V Public School

Matriculation; Percentage: 88 %

Bihar, India
April 2017 - March 2018
